## VIEWS FROM THE DESK OF...

### Happy New Year!

Traditionally, we begin each new year with new resolutions and new goals. Here are our 2015 Goals and Resolutions.

### Community Goals:

- ◆ Deliberate Mindfulness – Encourage independent (and civil) discussion of the issues and be fully aware of the moment, impacts and outcomes of our decisions.
- ◆ Managing Disruption – 2015 will be a busy year and one of much change and disruption. Be aware of the likely negative emotions and do not take it personally.
- ◆ Community Asset Appreciation – We have so many wonderful places and spaces within our community that are often overlooked or taken for granted. Encourage residents to explore Lake Forest.
- ◆ Financial Acumen – Continue our thoughtful, long-range financial planning.

### Priority Goals:

- ◆ Hospital Expansion – Assist Northwestern Lake Forest in creating a world-class health facility.
- ◆ Redevelop Laurel Ave. Site – Work with Focus Development to transform the old MS site into a high-quality residential development.
- ◆ Create a “Place to Be” – Create an environment which reflects our history of Family, Education, Tradition, and Philanthropy. Being a “Place to Be” rather than a “Place to Do”.

### Resolutions:

- ◆ Think Big, Execute Well – Be inspirational in your planning, but be sure to deliver as promised. Set high goals which grab people’s attention and create excitement. 2015 will be busy, so remain focused on the job at hand.
- ◆ Empathy & Fortitude – With so much activity within the community comes inconvenience and disruption. It will take mental and emotional strength to face the negative emotions that change and disruption bring.
- ◆ Cherish the Journey – With so much going on it is easy to not appreciate and take in the moment. Take time to enjoy the new relationships, the new experiences, the laughs, the setbacks. Learn and grow.
- ◆ Limit “Turnovers” – While accidents or mishaps can happen, minimize the damage and public fallout. Months of hard work can easily be overshadowed by one careless action.

Have a great 2015!

# You Should Know

## Maintenance Prescriptions

As of January 1, 2015, maintenance medications are **required to go through mail order**. You will be allowed one courtesy refill at the pharmacy in order to give you time to renew prescriptions with your doctor. If there is some sort of medical necessity that prohibits you from using the mail order, you can have the local pharmacy contact your doctor when you fill the prescription. This will only be approved in the case of a true medical necessity, however. Using the mail order prescription program is easy and convenient, and you are encouraged to try it. It also saves you money out of your pocket.

Members who will be impacted should have received enrollment and educational materials in the mail. If you have questions, please call the Serve You RX customer service team (number is on the front of your PBA card – 1-800-759-3203), and they can walk you through the entire process to ensure an easy and comfortable experience.

## PBA Cards

An email was sent out to everyone who is on the City's medical insurance last week that they will once again be receiving new ID cards. Hopefully you have received them by now. The Bin# for our prescription drug service changed while the last batch of cards was being printed. They said that this shouldn't cause any problems and we could continue to use the other cards, but there were a few problems. If you previously requested additional cards, those have automatically been provided for you, but will come in a separate envelope.

If you get confused by which card is the most up to date, the new Bin# is 610548. The old number began with 005. Please contact HR if you have any questions.
